FINE LCT GATOS PRUNES for sale by

MEDICINAL.

In Uric Acid or Cout Poisoning, Gout, Rheumatism, Stone, and all Uric Acid Conditions.

John V. Shoemaker, M. D., LL. D., Professor of Materia Medica and Therapeutics in the Medico-Chirurgical College of Philadelphia, etc., in the New York Medical Journal, June 22, 1899:

"The Bureau College of Warren is doubly efficient in Rheumatism and Gout. It dissolves "The BUFFALO LITHIA WATER Uric Acid and Phosphatic sediments, as well as other products difficult of elimination, while at the same time it exerts a moderately stimulant effect upon the renal cells, and thereby facilitates the swift removal of insoluble materials from the body. Without such action insoluble substances will precipitate in the Kidneys and Bladder. The intense suffering produced by Stone, together with consecutive pyelitis and cystitis, are avoided by

"Unquestionably, although the speedy removal of Uric Acid and other products of faulty tissue change is of conspicuous benefit, yet to PREVENT their formation is a service still more important. This service is performed by the BUFFALO LITHIA WATER which are responsible for the production of

The late Hunter McCuire, M. D., LL. D., formerly President and Professor of Clinical Surgery, University College of Medicine, Richmond, Va., and Ex-President of the American Medical Association, says:

BUFFALO LITHIA WATER as an alkaline diuretic is invaluable. In Uric Acid Gravel, and indeed in diseases generally dependent upon a Uric Acid Diathesis, it is a remedy of extraordinary potency. I have prescribed it in cases of Rheumatic Gout which had resisted the ordinary remedies, with wonderfully good results. I have used it also in my own case, being a great sufferer from this malady, and have derived more benefit from it than from any other remedy."

Dr. P. B. Barringer, Professor of Physiology and Surgery, University of Virginia: "In more than twenty years of practice I have used Lithia as an anti-uric-acid agent many times, and have tried it in a great variety of forms, both in the NATURAL WATERS and in TABLETS. As the result of this experience I have no hesitation in stating that for prompt results I have found nothing to compare with BUFFALO LITHIA WATER in preventing uric acid deposits in the body. My experience with it as a solvent of old existing deposits to compare it here with other forms to their disadvantage;

but for the first class of conditions above set forth I feel that BUFFALO LITHIA WATER STANDS ALONE."

Dr. Thomas H. Buckler, of PARIS (formerly of Baltimore), SUGGESTOR of LITHIA as a SOLVENT for URIC ACID, says:
"Nothing I could say would add BUFFALO LITHIA WATER. I have frequently used it with good results in URIC ACID DIATHESIS, RHEUMATISM, and GOUT, and with this object I have ordered it to Europe. Lithia is in no form so valuable as where it exists in the carbonate, the form in which it is found in BUFFALO LITHIA WATER, nature's mode of solution and division in water which has passed through Lepidolite

and Spondumne Mineral formations." Dr. J. W. Mallet, Professor of Chemistry, University of Virginia, Extract from report of analysis of Calculi discharged by

patients under BUFFALO LITHIA WATER Spring No 2: "It seems on the whole probable that the action of the water is PRIMARILY and MAINLY EXERTED upon URIC ACID and the URATES, but when these constituents occur along with and as cementing matter to Phosphatic or Oxalic Calculus materials, the latter

may be so detached and broken down as to disintegrate the Calculus as a whole in these cases, also thus admitting of Urethral discharge."

James L. Cabell, M. D., A. M., LL. D., formerly Professor of Physiology and Surgery in the Medical Department of the University of Virginia, and President "BUFFALO LITHIA WATER should be recognized by the profession as an article of Materia Medica."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally. Testimonials which defy all imputation or questions sent to any address.

PROPRIETOR BUFFALO LITHIA SPRINGS, VIRGINIA

Springs are open for guests June 15, close October 1. They are reached from all directions over the Danville Division of the Southern Railway.
